THANK YOU AND WELCOME

We are absolutely delighted that you are joining us at our fifth **Vineyard & Winery Show**. When the event was created, we envisioned a show that would provide vineyard owners, winemakers and the trade with an exhibition and conference to help build businesses and support the British industry as a whole.

The show is once again free to attend, ensuring there is no barrier to anyone learning more about the sector and to find the advice and guidance they need to build a better wine business. We always work hard to ensure that we have the right balance across the trade stands areas, so that we have the leading wine buyers, plus the key influencers in policy and the environment all in attendance, to ensure that we are placing the industry at the front of their minds.

This pack is to ensure that you have everything you need to make this event a success for your business, it includes marketing materials such as social media images and email signatures helping you to promote your presence at the event.

See below on how to cater for your team whilst at the event, as well as additional opportunities to promote your business with key deadlines for booking such things as furniture, electrics and other promotional material.

For **show queries**, please contact the Event Helpline 07375 554420.

We look forward to seeing you at the show!

Jamie McGrorty, Publisher, Vineyard
